May the choices you make today be the choices you can live with tomorrow!

What if my child has been recommended for multiple Honors courses?

Congratulations! Your child's hard work has paid off. However, this does not mean that all honors courses need to be selected. During our guidance classes we have been informing eligible students to consider taking two honors courses during their Freshman Year. There are some students who would like to take a more challenging schedule. If this is the case, please have your child make an appointment to meet with his counselor.

Please review the Honors Diploma Criteria in The Catalog of Courses. This can provide you with more information in your decision-making process.

*****Recommendations may be changed based on student performance in the remainder of the school year.**

Summer School Catalogs will be mailed out in early February 2011. Registration will be done through KS Connect.

Frequently Asked Questions

When a student journeys from Kamehameha Kapālama Middle School, his/her inner voice has been nurtured and is now more resilient, recognized and appreciated for its own strength and quality.

Every child we work with is in a different space in his/her life. Some will sing and sound as they leave, some only managing the first whisper of their greatness.

None will leave voiceless or untouched. Until he/she can sing and sound on his/her own, someone will be there to support him/her.

May the choices you make today be choices you can live with tomorrow!

When will my child receive their 9th grade schedule?

Your child's final schedule will be posted via KS Connect during the summer. Prior to the release of any student's schedule, all required paperwork and financial obligations must be cleared.

How can I check my child's requests?

Your child's list of course requests are available in KS Connect.

Recommendations: If there is no recommendation listed for the following subject areas, your child is placed in the grade-level, college-prep course:

English 9

Hawaiian Culture

BSCS Biology

Speech Communication

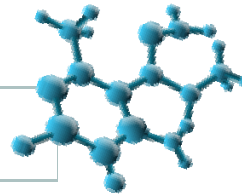

Solid Courses:
Speech, Language

Will my child get the courses that he has requested?

Although the high school makes every attempt to accommodate student course requests, there are times when the number of requests out number the spaces available. We have asked all students to choose alternates for those courses that indicate (Alt 9) in the course catalog.

Solid Courses:
Science, Socials

What if my child plans to attend Summer School?

The students have been building their list of course request without summer school plans. Summer School courses are of high demand and all requests are subject to space availability. Unfortunately our 8th graders will be the last to register for high school courses. Therefore, the course they are interested in may not be available.

Students generally should **NOT** register for **English or Math** courses during the summer.

These courses are usually reserved for those students who have not passed the course in the regular school year. Please contact your child's counselor if you have any questions regarding summer school courses.

Solid Courses:
Math, English

Summer School Catalogs will be mailed out in early February 2011. Registration will be done through KS Connect.
